

Black Temple

BAND STORY

"The first Kung-Fu Metal band in the universe, Black Temple, is more like a solo project than a band, formed by Finnish / Thai composer, lyricist, singer and guitarist Tang. The band started in the year 2005 with many line-up changes. In the lucky year 2008 they found Joel Attila as a producer introduced by the legendary German promotor Silke "Mutti" Yli-Sirnio (HIM, Nightwish, Lordi, Children Of Bodom, etc.) and recorded their first single "Party Material" at Helsinki Underground Studios, mixed by Mikko Karmila (COB, Nightwish, Lordi, etc.) and mastering by Mika Jussila, Finnvox studio, Helsinki. The line-up for this single is: Tang: Vocals & Guitars Vesa Mattila: BassLeonard: DrumsAlexi Parviainen: Backing VocalsIn the middle of August this year when the full-length recording for the album begins, the new line up will be: Tang: Vocal & Lead GuitarVesa Wahlroos (Ajattara): Rhythm GuitarJanne Parviainen (Ensiferum, Waltari, Sinergy): DrumsJoel Attila (Valvet, Lowe Motor Corporation): BassAlexi Parviainen (Northern Kings, Ensiferum): Backing Vocals"
