

Bone Gunn

BAND STORY

"BONE GUNN is the brain child of Bryan Kane, a well traveled gypsy who has finally taken some time off from his wonderment to bring forth his album of "Experimental Folk". With gut rattling bass grooves, un-nerving guitar riffs, high profile drums and lyrics that blur the line betwix the personal and the political, BONE GUNN promises epic results. Their newly released EP "From the Chain to the Sky" is a glimps into the carnival of styles that the full length record will present. Their up coming LP entitled "Consumption" is set to be releaed on September 11, 2007. "Consumption will be what Bryan refers to as a "Culmination of his decade long oddesey" "
