BAND STORY

"Broadway Wesson announces batch of new releases Hollywood, CA- Broadway Wesson has announced the release of multiple albums for fans to savor. "Told 2b The Man a.k.a. The Interview Mixtape" has been delayed but Wesson anticipates that it will hit the streets no later than August. "Future Legend," a mixtape to contain from 12 to 14 tracks, is also coming down the pike, and fans can anticipate the release of "The Manuscripts Vol. 1" before year's end. Haitian-born Wesson's Brooklyn childhood proved fertile ground for his current work in hip-hop, which he considers as more than entertainment. "Music is an art and rap to me is an art like the origin of philosophical traditions or the first poems that ever existed as hedonistic satisfaction," Wesson says. Wesson began rapping at the age of 8 and moved on to "serious freestyling and writing" at 9-years-old. Personal strength is a recurring theme in Wesson's work, as will be amply demonstrated by the upcoming releases and has been shown in his previous work. "That survival is only as strong as the motive is my primary focus as I approach life," according to Wesson, "and music follows the same principles." Through his RJC Promo, Wesson has hooked up shows with Donedeal Entertainment, including gigs with Jadakiss, Alicia Keyes, G-Unit, Neptunes and many others. Wesson is a frequent presence in the studio. "I try to record something at least three to five times a week," he says. He recently signed on with A&R Select, the leading indie A&R firm in Hollywood, CA. More information is available by visiting www.myspace.com/broadwaywesson and www.arselect.com "
