## BAND STORY

"In 2006 Charles Wells recorded his debut CD titled "It's My Turn." produced by Gary (Brotherman) Branchaud. Branchaud called on veteran keyboardist, Johnny Neel, to help drive the groove home. Wells delivers a sound that combines the soulful renderings of Ray Charles, Sam Cooke and Sam & Dave with the great R&B Motown Sound of The Temptations and Marvin Gaye along with the Pop and Rock style of Bob Segar, Michael McDonald, Lionel Richie and Huey Lewis.

"It's My Turn" was recorded at Johnny Neel's studio, Straight-Up Sound in Nashville and will be released in early 2006 on Booyah Records. For more information, please contact: Booyah Records PO Box 470104 St. Louis, MO 63147 314.239.8032 "
