

Dragonica

BAND STORY

"A little history: Dragonica debuted early 2004 with the first album titled Revolution. Since then, a real revolution was underway. Dragonica is bringing a unique version of techno music. Dragonica has grown since the first released and now you can enjoy thumping beats and soothing sounds. Most of Dragonica's music is available now for download in sites like iTunes, Rhapsody and Napster. Dragonica's new material can be found here at www.draogonica.net for free and all you have to do is become a fan. See you on the flip side!"
