 Seeing Blueâ€” set to make happy
 fans***** Los Angeles, CA â€”
 Gypsy Piano Blues has announced the impending
 release of a new album, â€œSeeing Blue,â€” whose
 title track will be the vanguard single from the CD.
 Gypsy Piano Blues is solo or with friends â€” The core
 of the act is Denise Peachey, The fluid nature of the
 solo--Gypsy Piano Blues makes for living, dynamic
 music. Thereâ€™s always something new waiting to
 happen.Whether solo or with friends. â€œSeeing
 Blueâ€” shows off the sultry, stoned and sensual
 blues grooves of Peacheyâ€™s project. Downtempo
 hooks meet passionate vocals and gritty melodies in a
 blend that touches on subtly psychedelic. Itâ€™s like a
 massage of music, sinking its hooks in slow and deep.
 Seductive and atmospheric, â€œSeeing Blueâ€”
 unleashes the heady power of Gypsy Piano Blues. It
 demonstrates her faithfulness both to old school blues
 and to rock-infused varieties. â€œItâ€™s more
 rock-blues than traditional,â€” says Peachey, â€œyet
 it brings in all the other styles blues evokes.â€”
 Peachey began this project in 1994 in Pennsylvania
 and it has grown steadily since. Two prior albums
 helped Gypsy Piano Blues solidify its popularity: the
 2004-5 release of â€œCry of the Gypsyâ€” and
 2006â€™s â€œRoll With Me Daddy.â€” Peachey has
 also appeared on the â€œCode Pearlâ€” CD, a tribute
 to Janis Joplin, on which she performed â€œChain of
 Foolsâ€” and an original track, â€œAll Out of
 Lies.â€” The proceeds of that disc were used to assist
 in the Hurricane Katrina disaster. She has played the
 Baltimore Jazz & Blues Festival and the Federal Hill
 Jazz & Blues Fest with her former band Gypsy & Crazy
 Moon. Peachey has received radio play on Bzoo
 Homegrown Radio, Pitt Radio, Crossfire Radio, Fat Cat
 Radio and Nette Radio and has also gotten airplay in
 Australia, France and England. Her new album is
 released 08/09 She is currently working independently
