

HECTIC

BAND STORY

"What up ,its ya boy Hec. My story is real simple. I was born in the Bronx . I always used to be around my uncle who was a dj at the time. Remind you i was 4 years old and it was 1984 in the bronx. I automatically fell in love with hip hop. I always used to write down rhymes but never took it serious untill i was released in 2003 from a 4 year bid. I hooked up with some of my homies in aug.of 05 and since then i banged out 3 mixtapes, collabed with a few mc's round my way and drop my first solo cd Times iZ Hectic... Im now in the studio finishing up the BROOKSIDE album with HDOGG & CORONA P. The first single will bve dropped in April.Im also planning on dropping my 2nd solo yet to be named sometime this summer. Get at ya boy "
