

Jonnikhan

BAND STORY

"John (Jonnikhan) King Guitarist, Songwriter, Arranger, lead and background Vocalist. Jonnikhan is his stage name, with a stock of euro-world beat and folk styles. Jonnikhan is an artist with an intelligent approach to the musical world. Humble to a degree, Jonnikhan has participated in projects ranging from rock to jazz and rap music. Always open to new ideas and contributing to songs most people would shy away from, Jonnikhan breaks the mold when it comes to folk guitar playing. An innovator with an old school flair, Jonnikhan rounds out any band with his smooth guitar styles. An artist with an intelligent perspective to music, Jonnikhan is a delightful change to the sometimes sterile computerized world of music."
