

Run To Sandy

BAND STORY

"Run to Sandy is a rock and roll band from Bucks County, PA. The band was formed from the smoldering ashes of several post-punk, neo-corporate professional existences (day jobs), rising like a Phoenix over the hearts and minds of a people so desperate for contact. This music brushed their faces like an elegiac symphony --- a combustion of convention that settled like snow on a flat, heartland field. Each member faithfully reproduces the chiming of their true selves with each and every performance, spawning a new offspring with the same DNA, but a face completely their own. They are here to rock themselves and your many selves, so stick around. Check out the tunes. Go see them play."
