

# Sanctify Her Death

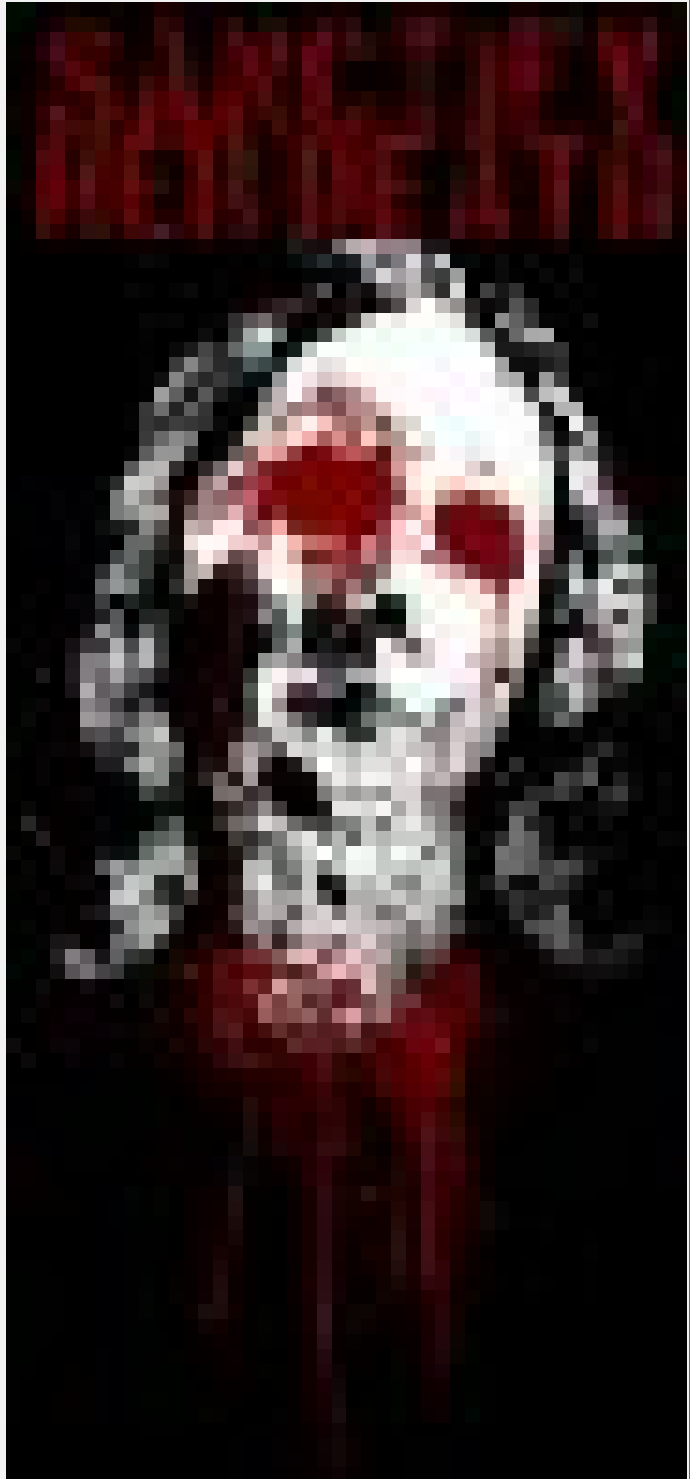

## BAND STORY

"SHD was formed in late Feb. 2007 by Built Upon Frustration guitarist Derek Kovacs and Passover singer Jack Wright. Kleeman and Sabbath shortly joined the band and a 6 song demo was released (get one at [www.sanctifyherdeath.com](http://www.sanctifyherdeath.com)). Churning out a widely influenced brand of heavy music with brutal guitar riffs, double bass inflicted drums and screams of anguish, SHD is quickly becoming a force to be reconed with in the realm of underground music."
