

Scoop

BAND STORY

"If you combined the gritty and raw streets of Pittsburgh with the glamour of Las Vegas, you will come face to face with some dynamically divided issues found in this country. Scoop grew up in Pittsburgh where he was became involved with music since age 13 and now living in Las Vegas, with the unique perspective as both, insider and outsider of different environments, which is shown in the duality of his music. His lyrical style consists of both positive and negative views. This artist stands apart as an individual whose duality is embraced. Scoop is both; sinner and saint, intellectual and thug, political and rebel, mainstream and underground. He speaks for the disenfranchised, the streets, and the talented tenth, because he embodies all these things and then some. This man is ready to make his mark in the music industry. "
