## BAND STORY

"“ Giving Praise and Worship to our God through the talents and gifts He gave us” That’ s what we do and we do it through the Christian music we create to bring others closer to His message of Faith, Hope and Love. Our music is a blend of Contemporary Christian Rock with a driving beat and high energy lead guitar solos. The lyrics in each song written by SpiritN3D have a message of God’ s Love for people of all ages and faiths. The musical performances are very lively and uplifting and are guaranteed to inspire audiences to sing along in worship and praise. Depending on audience and the venue, music composition can be soft and mellow for coffee houses and adoration services to all out Hard Rock at concerts and outdoor events. In the summer of 2008, SpiritN3D released their first CD called “ These Three Nails” composed of 10 original songs written by the band members. Past venues include County Fairs, Music Festivals, Church Youth Concerts, Non-Denominational Christian Night Clubs, Coffee Houses and 12 step Recovery Clubs. Our greatest joy is bringing the message of Jesus Christ to teens and young adults in church services especially through the liturgy of the Holy Mass."
