## BAND STORY

""VINTAGE LETS TALK BY Kimberly Bon / Ed Daniels Produced and Arranged by: Vic Steffens Horizon Music Group Generation X, Generation Y move over, this is music for the forgotten generation, the 40 and over crowd. Remember when you could close your eyes, listen to the music and see a picture in your mind? When lyrics, melodies, harmonies and instrumentation were equal in creating the perfect song, a song that made you feel good. A year in the making, attention to detail was planned and executed down to the smallest harmony. Using a team of diverse voices, writers, attitudes and styles has this compilation of retro sounding music spanning soft rock through country; each song a cut above the rest. Artists / Band Members: Kimberly Bon, Jean Marie Rivera, Vic Steffens, Steve Klunk, Josh Douglas, Chris Bickley, Ed Daniels ""
