

Cafe Con Leche (BarbnDrea)

BAND STORY

" Wailing from the south, Alabama and Miami respectively Drea and Barbie, an unlikely duo, met in Long Island, New York. Barbie's rich and soulful vocals are reflective of her Brazilian/Cuban heritage, while Drea's keys are evidence of her 15 years of playing gospel along the east coast. While working together on an original project "Progressions of Love" these two artists joined and became an eclectic musical mix, known as "Cafe Con Leche". "
