## BAND STORY

"Counted Out Records is a independent record label that deals in the business of rap / hip-hop / and r& b. Even though this record label has only been around for a short period of time (2 years), they have managed to release four mixtapes under their label, and have been featured on over ten other mixtapes. Even with a strong roster, Mr. \$o Lowkey (Dallas, Texas) has clearly stood above the rest. With his quick delivery, and witty punch lines, he continues to make a name for himself in the Southern Region. He recently released the smashing track "Cup's Up", which is the first single from the much anticipated album "Da Counted Out Click", which will be dropping first quarter 2008. Counted Out Records continues to be consistent with dropping good music, and big things are expected to come from this label in the near future. Make sure ya'll stay on the lookout for "Da Counted Out Click" Album which features Counted Out Artist's Grinches aka the Natural, YK1, and "Tha Mayor".
