

Sheesh

BAND STORY

"I'm a freshman at Boston College with a deep passion for guitar and song-writing. Over this past winter break I wrote a great deal of songs, four of which I was able to record in a limited amount of studio time. I like to call my music acoustic punk-rock with open chord voicings; i like the sounds of extreme simplicity as well as thick complexity, and I experiment with both ends of the spectrum in my music. "
